ABOUT ME

IN 2008, I COMPLETED A DEGREE IN AUTOMOTIVE DESIGN AT IED, TURIN. WHERE I CREATED A CONCEPT CAR FOR BMW WHICH WAS LATER ON USED AS THE BASE FOR THE I3, BMW'S FIRST MASS-MARKET ELECTRIC CAR.
THE PROJECT WAS SUPERVISED AND OVERSEEN BY WORLD-RENOWNED CAR DESIGNER CHRIS BANGLE.

AFTER MY STUDIES, I MOVED TO NAPLES TO WORK WITH BRUNELLO ACAMPORA AT VICTORY DESIGN AS A YACHT DESIGNER. DURING MY TIME AT VICTORY, I WORKED ON MANY PROJECTS INCLUDING THE AWARD WINNING APREAMARE GOZZO (POWERBOAT OF THE YEAR, 2018). I WAS BOTH THE DESIGNER AND MODELLER FOR THE GOZZO AS WELL AS INVENTING THE NAME MYSELF. I WAS PART OF THE FIRST LAUNCH OF SOLARIS POWER USE FOR YACHT ALONGSIDE NORBERTO FERRETTI, FOUNDER OF AN ACCLAIMED MULTINATIONAL LUXURY SHIPBUILDINGS COMPANY IN ITALY.

LATER ON BEEN WORKING IN ROME FOR BERNARDO ZUCCON OF ZUCCON INTERNATIONAL PROJECT WHERE I HAD THE OPPORTUNITY TO INCREASE MY SKILL IN YACHT'S MODELLING AND CREATION RANGING FROM 10M TO 150M. HAD THE PLEASURE TO WORK ON THE BLUEGAME BGX70, THE MOST AVANT-GARDE BOAT 2019 AT CANNES YACHTING FESTIVAL.

I AM ABLE TO TAKE A SKETCH ALL THE WAY THROUGH TO A PRODUCTION MODEL SUCCESSFULLY AND HAVE OVER TEN YEARS OF EXPERIENCE DOING SO. I SPECIALISE IN ALIAS MODELLING, HOWEVER I AM ABLE TO COMPLETE ANY TASK GIVEN TO ME TO A HIGH STANDARD, SUCH AS DESIGN, MODELLING AND VISUALISATION.

I HOPE MY PORTFOLIO IS GOOD TO WORK WITH YOU TO FURTHER MY ABILITIES AND MAKE GOOD CONNECTIONS.

EXPERIENCE:
